

INFORMATION FOR THE SHAREHOLDERS OF VISTA ENERGY, S.A.B. DE C.V. IN CONNECTION WITH THE ORDINARY GENERAL SHAREHOLDERS' MEETING TO BE HELD ON AUGUST 6, 2024

Reference is made to item I of the agenda of the ordinary general shareholders' meeting of Vista Energy, S.A.B. de C.V. (the "Company" or "Vista"), to be held at 10:00 a.m. (Mexico City time) on August 6, 2024 (the "Shareholders Meeting") in terms of the call published on June 24, 2024 on the web page of the Bolsa Mexicana de Valores, S.A.B. de C.V., and in the Electronic System of the Ministry of Economy, and in compliance with the provisions of articles Eighteenth and Twentieth of the Company's by-laws and article 56 of the Securities Market Law.

Vista's management team hereby informs the Shareholders Meeting that the Company has accumulated (retained) profit sufficient to be able to create a share repurchase reserve for the 2024 fiscal year, since after the corresponding amounts have been allocated to form the legal reserve, the repurchase fund approved for the 2023 fiscal year and after the losses of the fiscal year ended on December 31, 2023 have been reduced, such accumulated profit amounts to US\$100,284,000.00.

In light of the foregoing, the Company proposes to the Shareholders Meeting to approve that up to US\$50,000,000.00 (the "Maximum Repurchase Amount 2024") may be allocated to purchase the Company's own shares (or securities representing such shares) during the 2024 fiscal year, in terms of the provisions of article 56, section IV of the Securities Market Law; as the same may be increased or modified by any subsequent shareholders' meeting, provided that any portion of the Maximum Repurchase Amount 2024 that is not used within the 2024 fiscal year may be used to purchase the Company's own shares (or securities representing such shares) during the 2025 fiscal year; provided, further, that the maximum amount that may be used for the repurchase fund during the 2025 fiscal year may be increased or modified by any subsequent shareholders' meeting.

The acquisition of the Company's own shares could represent several advantages for the Company and its shareholders, among others:

- a profitable investment opportunity considering the market price of the Company's shares;
- increase market demand of the Company's shares;
- the acquisition of the Company's own shares could cause the number of outstanding shares to decrease, thereby increasing earnings per share; and
- reaffirms the confidence of Vista's management team in the performance of its business.
